## PHQ-9 Modified for Teens

### A Survey from Your Healthcare Provider

Part of routine screening for your health includes considering mood and emotional concerns. Instructions: How often have you been bothered by each of the following symptoms during the past two weeks? For each symptom put an "X" in the box beneath the answer that best describes how you have been feeling.

	(0)	(1)	(2)	(3)
	Not At All	Several Days	More Than Half the Days	Nearly Every Day
1. Feeling down, depressed, irritable or hopeless?				
2. Little interest or pleasure in doing things?				
3. Trouble falling or staying asleep or sleeping too much?				
4. Poor appetite, weight loss, or overeating?				
5. Feeling tired or having little energy?				
6. Feeling bad about yourself --or feeling that you are a failure, or have let yourself or your family down?				
7. Trouble concentrating on things, like school work, reading or watching TV?				
8. Moving or speaking so slowly that other people could have noticed? Or the opposite – being so fidgety or restless that you were moving around a lot more than usual?				
9. Thoughts that you would be better off dead, or of hurting yourself in some way?				

10. In the **past year**, have you felt depressed or sad most days, even if you felt OK sometimes?

Yes       No

11. If you are experiencing any of the problems on this form, how difficult have these problems made it for you to do your work, take care of things at home or get along with other people?

Not difficult at all       Somewhat difficult       Very difficult       Extremely difficult

12. Has there been a time in the past month when you have had serious thoughts about ending your life?

Yes       No

13. Have you **ever**, in your **whole life**, tried to kill yourself or made a suicide attempt?

Yes  No
